**Subject:** Thank you

Dear Editor,

Thank you for the excellent service you rendered to the Lancaster County citizenry by seeking out and publishing the views of local candidates regarding important issues facing the county. Their campaign statements need to be scrutinized, kept and the winning candidates held accountable to their stated intent. No hiding behind "What I really meant was....."

These are important times in the life of our county and its citizens. Lancaster County is on the edge of major change. PSA is said to be "Public Service Authority. PSA can also mean "Power Shifting Alliance". From what to what? Elected officials accountable to the citizens vs appointed authority accountable only to itself. Read the agreement. We have needs in the county that need solutions. We don't need a group that includes special interests making the decisions for us. All of us together can seek out solutions with our elected officials and control the best decisions for us. Remember fees, taxes and grants have only one source of funds, you the taxpayer.

Please take time to be informed and to vote in the forthcoming elections on November 8th. Every eligible voter owes it to themselves, their neighbor and all the citizens of Lancaster County to vote. See you at the polls.

Charles Costello  
President, FOLC
