

Dear Friends,

This letter was sent to the editor but they did not publish it. They called me and said campaign thank you letters were paid advertisements and it would cost \$63.00 but too late to include.

I guess they only what to publish what they want! So much for objectiveness.

To the Editor
Election 2005

I would like to congratulate all of the candidates in the local election for not participating in the mud slinging exhibited by the state candidates. Next I would like to congratulate all of the record number of voters that came out to make their choice. I mostly want to thank all of the campaign committee personnel and supporters that make elections work. Last I want to congratulate all the nominee winners and sincerely hope they adhere to the promises they made. Some races were extremely close which indicates many voters were unhappy about past performances. Maybe this closeness will persuade some to agree with my granddaughter that "We really need (want) a change". Hope the future years are productive for all and we preserve the heritage of Lancaster County.
